mTravel
Mobile Travel Expense Management

SAP® Certified
Mobile App

Cumbersome Travel and Expense Reports Made Easy

Travel and expense reports don't have to be this tedious and cumbersome. With mTravel, an SAP certified mobile app, makes expense reporting easier than ever. Enterprises can now have a real-time snap shot of their T&E spend- which means out of policy T&E is captured sooner, better cost control and reduced compliance issues, while empowering your employees and executives at the same time. The mTravel Mobile App automates the entire process from expense capture to expense approval.

Eliminate Human Errors & Improve Operational Efficiency

In a study carried out by Visa® and Deloitte Consulting, 63% to 95% of the expenses are paid with a commercial card. Integration of these credit card expenses and the mTravel mobile app's receipt image capture functionality allows seamless and error free processing of these expenses.

Lower expense report processing cost

The overall processing time for expense reports decreases as it becomes easier and faster for employees to create, submit, and approve expense reports. In addition, your accounts payable teams are able to improve operational efficiency which directly results in cost savings.

Greater Control and Compliance With Policies

The mTravel mobile app creates a greater control and compliance with policies. Employees can now use the mTravel mobile app to check in real-time company policies to make in-policy and out of policy expense decisions.

Snap, Apply and Process Expense Report

Snap, apply and process expense reports. It's that simple !

Create and save expense reports	**Real-time policy verification**
Capture Image Receipts	**Mileage and cash expenses**
Update expense reports as	**User default settings**
expenses occur	**OCR image recognition**
Integrated credit card expenses	

> In a study carried out by Visa and Deloitte Consulting, companies have realized a 60 percent reduction in expense reporting processing costs after implementing a Mobile T&E solution. Another company experienced a 66 percent reduction in FTEs in the A/P department.

Go Mobile in less than 4 weeks

Jump start your mobile journey in less than 4 weeks. Innovapptive offers a SAP certified rapid deployment solution (RDS) for the mWorklist mobile app.
